EXPERIENCE IT - Biltmore Estate – The world-famous Biltmore House and Gardens was built by George Vanderbilt, youngest grandson of business tycoon Commodore Cornelius Vanderbilt, in 1895. He envisioned an estate that would not only showcase his collection of art, but also become a self-supporting business. He called his holdings "Biltmore" – combining *Bilt*, the name of the Dutch town where his ancestors originated, and *more*, the Old English word for open rolling land. Biltmore house took 6 years and 1,000 men to build. Most of the original furnishings are being faithfully preserved and give the unique feeling that the family is still in residence. With just over 4 acres of floor space it contains 250 rooms, 65 fireplaces, 43 bathrooms and 3 kitchens. Vanderbilt included such cutting-edge technology as central heating, electricity, running hot and cold water to upstairs baths, an elevator, and a swimming pool with underwater lighting. Guests often marveled at these wondrous conveniences. Today, George Vanderbilt's grandchildren continue to benefit the region through employing a 650-person staff to maintain Biltmore house for public enjoyment.
